A Christmas Collection

21st November – 31st December 2015

Included in this exhibition is recent work by more than a dozen painters – the majority will possibly be familiar to you but we do have a few new faces! The criteria we asked for was ‘small’ paintings following the theory that small things come in our beautiful packages!

We are once again offering a complimentary gift wrapping service plus a fabulous bottle of Herefordshire’s Chase Gin or Vodka to all customers who spend over £1,000 but who collect their purchases from the gallery. For all those not able to collect from the gallery, we are offering a complimentary Courier Service.

We are illustrating a few examples of work by each artist but there will be more on the website, together with artist details, price information etc. If you have any queries, please do not hesitate to get in touch. Do remember - if you would like a piece of work delivered in time for Christmas, please don't leave it too late to get in touch!

To tempt you further, we shall also be featuring new works by Dennis Chinaworks and potter Emily Myers, a wide range of beautiful glass by Bob Crooks and the latest collection of ceramic dogs by Adrian Guest. Visit our website www.john-noott.com to be inspired!

Work is available for sale on receipt of this catalogue.
