JOHN BRENTON

21 SEPTEMBER –
6 OCTOBER 2019

Born 1964 in Cornwall, John has dedicated his painting life to capturing the beauty and drama of coastline and countryside. Often to be found battling the elements en plein air – whether it be on a Cornish cliff edge or in a tranquil Cotswold river valley, his paintings possess a vibrancy and energy that can transport you to those evocative locations.

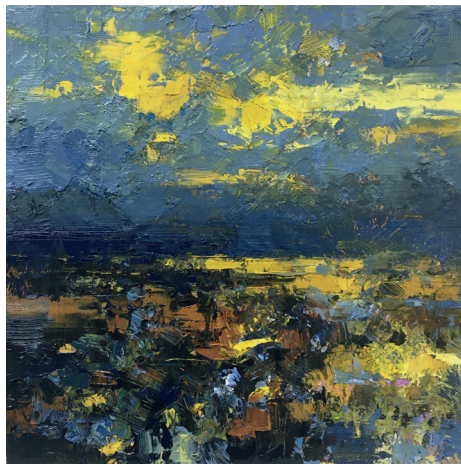

John has established himself as a leading contemporary land and seascape artist. Over the past 20 years he has held regular solo exhibitions throughout the UK, including the Royal Academy Summer Exhibition and the Royal Society of British Artists exhibition. His paintings are in collections worldwide.
